HEADQUARTERS FACILITIES AND ACCOMMODATION

THE ASSEMBLY,

CONSIDERING the substantial increase in the membership of IMCO during the past two years and the indications that this gratifying trend will continue in the future,

CONSIDERING ALSO the sizeable increase in the number of United Nations organizations, other inter-governmental organizations and non-governmental organizations participating in the work of IMCO,

CONSIDERING that IMCO is called upon to discharge a continually increasing number of tasks and undertakings,

CONVINCED that the present headquarters facilities do not appear to be capable of meeting IMCO's new requirements,

REQUESTS the Secretary-General to study this question as a matter of urgency and to establish all necessary contacts with a view to submitting a report to the Council at its next session.
